FOR EXAMPLE, REFERENCES TO "CIGNA," "INSURANCE COMPANY," AND "POLICYHOLDER" SHALL BE DEEMED TO MEAN YOUR "EMPLOYER" AND "POLICY" TO MEAN "PLAN" AND "INSURED" TO MEAN "COVERED" AND "INSURANCE" SHALL BE DEEMED TO MEAN "COVERAGE."

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the **toll-free number** shown on your ID card during normal business hours,

Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.

- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) - Non-Quantitative Treatment Limitations (NQTLs)

Federal MHPAEA regulations provide that a plan cannot impose a Non-Quantitative Treatment Limitation (NQTL) on mental health or substance use disorder (MH/SUD) benefits in any classification unless the processes, strategies, evidentiary standards, or other factors used in applying the NQTL to MH/SUD benefits are comparable to, and are applied no more stringently than, those used in applying the NQTL to medical/surgical benefits in the same classification of benefits as written and in operation under the terms of the plan.

Non-Quantitative Treatment Limitations (NQTLs) include:

- Medical management standards limiting or excluding benefits based on Medical Necessity or whether the treatment is experimental or investigative;
- Prescription drug formulary design;

- Network admission standards;
- Methods for determining in-network and out-of-network provider reimbursement rates;
- Step therapy a/k/a fail-first requirements; and
- Exclusions and/or restrictions based on geographic location, facility type or provider specialty.

A description of your plan's NQTL methodologies and processes applied to medical/surgical benefits and MH/SUD benefits is available for review by Plan Administrators (e.g. employers) and covered persons by accessing the appropriate link below:

Employers (Plan Administrators):

<https://cignaaccess.cigna.com/secure/app/ca/centralRepo> - Log in, select Resources and Training, then select the NQTL document.

Covered Persons: www.cigna.com/sp

To determine which document applies to your plan, select the relevant health plan product; medical management model (inpatient only or inpatient and outpatient) which can be located in this booklet immediately following The Schedule; and pharmacy coverage (whether or not your plan includes pharmacy coverage).

How To File Your Claim

If your plan provides coverage when care is received only from In-Network providers, you may still have Out-of-Network claims (for example, when Emergency Services are received from an Out-of-Network provider) and should follow the claim submission instructions for those claims. Claims can be submitted by the provider if the provider is able and willing to file on your behalf. If the provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on your identification card or by using the toll-free number on your identification card.

CLAIM REMINDERS

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT/GROUP NUMBER WHEN YOU FILE CIGNA'S CLAIM FORMS, OR WHEN YOU CALL YOUR CIGNA CLAIM OFFICE.

YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

YOUR ACCOUNT/GROUP NUMBER IS SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM TO CIGNA.

Timely Filing of Out-of-Network Claims

Cigna will consider claims for coverage under our plans when proof of loss (a claim) is submitted within 180 days for Out-of-Network benefits after services are rendered. If services are rendered on consecutive days, such as for a Hospital Confinement, the limit will be counted from the last date of service. If claims are not submitted within 180 days for Out-of-Network benefits, the claim will not be considered valid and will be denied.

WARNING: Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information; or conceals for the purpose of misleading, information concerning any material fact thereto, commits a fraudulent insurance act.

under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by Cigna for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

Changing Primary Care Physicians:

You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician.

Important Information About Your Medical Plan

Opportunity to Select a Primary Care Physician

Choice of Primary Care Physician:

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you

LocalPlus IN Medical Benefits
The Schedule
<p>For You and Your Dependents</p> <p>LocalPlus IN Medical Benefits provide coverage for care on 2 levels: Client Specific Network defined by Client (Tier 1) , Cigna In-Network (Tier 2). Tier 1 benefits are managed and coordinated by Piedmont Healthcare, Inc. To receive LocalPlus IN Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Copayment, Deductible or Coinsurance.</p> <p>When you receive services from an In-Network Provider, remind your provider to utilize In-Network Providers for x-rays, lab tests and other services to ensure the cost may be considered at the In-Network level.</p> <p>If you are unable to locate a Tier 1 or Tier 2 Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.</p>
<p>Coinsurance</p> <p>The term Coinsurance means the percentage of Covered Expenses that an insured person is required to pay under the plan in addition to the Deductible, if any.</p>
<p>Copayments/Deductibles</p> <p>Copayments are amounts to be paid by you or your Dependent for covered services. Deductibles are Covered Expenses to be paid by you or your Dependent before benefits are payable under this plan. Deductible amounts are separate from and not reduced by Copayments. Copayments and Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached, you and your family need not satisfy any further medical deductible for the rest of that year.</p>
<p>Out-of-Pocket Expenses</p> <p>Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan because of any Deductibles, Copayments or Coinsurance. Such Covered Expenses accumulate to the Out-of-Pocket Maximum shown in The Schedule. When the Out-of-Pocket Maximum is reached, all Covered Expenses, except charges for non-compliance penalties, are payable by the benefit plan at 100%.</p> <p>Considerations for changes to your enrollment tier:</p> <p>If due to a life event you change your coverage level mid-year from Individual to Family or from Family to Individual, any amounts contributed towards your deductible and out-of-pocket expense accumulators will follow up and will apply to the accumulator of your new enrollment tier. If moving from family to individual coverage and your family deductible and/or out-of-pocket expense exceed the individual and/or out-of-pocket expense, you will have met the individual for that year. There will be no refund to the lower amount. Accumulators do not follow if changing policies (e.g. a covered dependent moves to individual COBRA coverage or an employee becomes covered as the spouse/dependent of another employee).</p>
<p>Multiple Surgical Reduction</p> <p>Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.</p>

LocalPlus IN Medical Benefits

The Schedule

Assistant Surgeon and Co-Surgeon Charges

Assistant Surgeon

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed a percentage of the surgeon's allowable charge as specified in Cigna Reimbursement Policies. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

Co-Surgeon

The maximum amount payable for charges made by co-surgeons will be limited to the amount specified in Cigna Reimbursement Policies.

Out-of-Network Charges for Certain Services

Charges for services furnished by an Out-of-Network provider in an In-Network facility while you are receiving In-Network services at that In-Network facility: (i) are payable at the In-Network cost-sharing level; and (ii) the allowable amount used to determine the Plan's benefit payment is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level if services are received from a non-Participating (Out-of-Network) provider.
2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or Federal law.
3. The allowable amount used to determine the Plan's benefit payment when Out-of-Network Emergency Services result in an inpatient admission is the median amount negotiated with In-Network facilities.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Benefits payable under this section include Medical Pharmaceuticals whose administration may initially, or typically, require Physician or Other Health Professional oversight but may be self-administered under certain conditions specified in the product's FDA labeling.

This means that in order to receive benefits for such Medical Pharmaceuticals, you are required to try a different Medical Pharmaceutical and/or Prescription Drug Product first.

Utilization management requirements or other coverage conditions are based on a number of factors, which may include clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of Medical Pharmaceuticals as well as whether certain supply limits or other utilization management requirements should apply. Regardless of its eligibility for coverage under your plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you (or your Dependent) and the prescribing Physician.

The coverage criteria for a Medical Pharmaceutical may change periodically for various reasons. For example, a Medical Pharmaceutical may be removed from the market, a new Medical Pharmaceutical in the same therapeutic class as a Medical Pharmaceutical may become available, or other market events may occur. Market events that may affect the coverage status of a Medical Pharmaceutical include, but are not limited to, an increase in the cost of a Medical Pharmaceutical.

Prescription Drug Benefits

Covered Expenses

Your plan provides benefits for Prescription Drug Products dispensed by a Pharmacy. Details regarding your plan's Covered Expenses, which for the purposes of the Prescription Drug Benefit include Medically Necessary Prescription Drug Products ordered by a Physician, Limitations, and Exclusions are provided below and/or are shown in The Schedule.

If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drug Products ordered by a Physician, your plan provides coverage for those expenses as shown in The Schedule. Your benefits may vary depending on which of the Prescription Drug List tiers the Prescription Drug Product is listed, or the Pharmacy that provides the Prescription Drug Product.

Coverage under your plan's Prescription Drug Benefits also includes Medically Necessary Prescription Drug Products dispensed pursuant to a Prescription Order or Refill issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent are issued a Prescription Order or Refill for Medically Necessary Prescription Drug Products as part of the rendering of Emergency Services and Cigna determines that it cannot reasonably be filled by a Network Pharmacy, the prescription will be covered pursuant to the, as applicable, Copayment or Coinsurance for the Prescription Drug Product when dispensed by a Network Pharmacy.

Prescription Drug List Management

Your plan's Prescription Drug List coverage tiers may contain Prescription Drug Products that are Generic Drugs, Brand Drugs or Specialty Prescription Drug Products. Determination of inclusion of a Prescription Drug Product to a certain coverage tier on the Prescription Drug List and utilization management requirements or other coverage conditions are based on a number of factors which may include, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, assessments on the cost effectiveness of the Prescription Drug Product and available rebates. Regardless of its eligibility for coverage under the plan, whether a particular Prescription Drug Product is appropriate for you or any of your

Dependents is a determination that is made by you or your Dependent and the prescribing Physician.

The coverage status of a Prescription Drug Product may change periodically for various reasons. For example, a Prescription Drug Product may be removed from the market, a New Prescription Drug Product in the same therapeutic class as a Prescription Drug Product may become available, or other market events may occur. Market events that may affect the coverage status of a Prescription Drug Product include, but are not limited to, an increase in the acquisition cost of a Prescription Drug Product. As a result of coverage changes, for the purposes of benefits the plan may require you to pay more or less for that Prescription Drug Product, to obtain the Prescription Drug Product from a certain Pharmacy (ies) for coverage, or try another covered Prescription Drug Product(s). Please access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for the most up-to-date tier status, utilization management, or other coverage limitations for a Prescription Drug Product.

HC-PHR414

07-20

Limitations

For most Prescription Drug Products you and your Dependent pay only the cost sharing detailed in The Schedule or Prescription Drug Benefits. However, in the event you or your Dependent or your Physician insist on a more expensive Brand Drug where a Therapeutic Equivalent Generic Drug is available, you may be financially responsible for an Ancillary Charge, in addition to any required Brand Drug Copayment and/or Coinsurance. The Ancillary Charge will not apply to your Deductible, if any, or Out of Pocket Maximum.

Your plan includes a Brand Drug for Generic Drug dispensing program. This program allows certain Brand Drugs to be dispensed in place of the Therapeutic Equivalent Generic Drug at the time your Prescription Order or Refill is processed by a participating Pharmacy. Brand Drug for Generic Drug substitution will occur only for certain Brand Drugs included in the program. When this substitution program is applied, the participating Pharmacy will dispense the Brand Drug to you in place of the available Generic Drug. You will be responsible for payment of only a Generic Drug Copayment and/or Coinsurance, after satisfying your Deductible, if any.

Prior Authorization Requirements

Coverage for certain Prescription Drug Products prescribed to you requires your Physician to obtain prior authorization from Cigna or its Review Organization. The reason for obtaining prior authorization from Cigna is to determine whether the

Prescription Drug Product is Medically Necessary in accordance with Cigna's coverage criteria. Coverage criteria for a Prescription Drug Product may vary based on the clinical use for which the Prescription Order or Refill is submitted, and may change periodically based on changes in, without limitation, clinical guidelines or practice standards, or market factors.

If Cigna or its Review Organization reviews the documentation provided and determines that the Prescription Drug Product is not Medically Necessary or otherwise excluded, your plan will not cover the Prescription Drug Product. Cigna, or its Review Organization, will not review claims for excluded Prescription Drug Products or other services to determine if they are Medically Necessary, unless required by law.

When Prescription Drug Products that require prior authorization are dispensed at a Pharmacy, you or your prescribing Physician are responsible for obtaining prior authorization from Cigna. If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed by the Pharmacy, you can ask us to consider reimbursement after you pay for and receive the Prescription Drug Product. You will need to pay for the Prescription Drug Product at the Pharmacy prior to submitting a reimbursement request.

When you submit a claim on this basis, you will need to submit a paper claim using the form that appears on the website shown on your ID card.

If a prior authorization request is approved, your Physician will receive confirmation. The authorization will be processed in the claim system to allow you to have coverage for the Prescription Drug Product. The length of the authorization may depend on the diagnosis and the Prescription Drug Product. The authorization will at all times be subject to the plan's terms of coverage for the Prescription Drug Product, which may change from time to time. When your Physician advises you that coverage for the Prescription Drug Product has been approved, you can contact a Pharmacy to fill the covered Prescription Order or Refill.

If the prior authorization request is denied, your Physician and you will be notified that coverage for the Prescription Drug Product is not authorized. If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the plan by submitting a written request stating why the Prescription Drug Product should be covered.

Step Therapy

Certain Prescription Drug Products are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products you are required to try a different Prescription Drug Product(s) first unless you satisfy the plan's exception criteria. You may identify whether a

particular Prescription Drug Product is subject to step therapy requirements at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in The Schedule. For a single Prescription Order or Refill, you may receive a Prescription Drug Product up to the stated supply limit.

Some products are subject to additional supply limits, quantity limits or dosage limits based on coverage criteria that have been approved based on consideration of the P&T Committee's clinical findings. Coverage criteria are subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a dispensing supply limit or similar limit or requirement at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products. If you require Specialty Prescription Drug Products, you may be directed to a Designated Pharmacy with whom Cigna has an arrangement to provide those Specialty Prescription Drug Products.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you may not receive coverage for the Prescription Drug Product or be subject to the non-Network Pharmacy Benefit, if any, for that Prescription Drug Product. Refer to The Schedule for further information.

New Prescription Drug Products

New Prescription Drug Products may or may not be placed on a Prescription Drug List tier upon market entry. Cigna will use reasonable efforts to make a tier placement decision for a New Prescription Drug Product within six months of its market availability. Cigna's tier placement decision shall be based on consideration of, without limitation, the P&T Committee's clinical review of the New Prescription Drug Product and economic factors. If a New Prescription Drug Product not listed on the Prescription Drug List is approved by Cigna or its Review Organization as Medically Necessary in the interim,

the New Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

HC-PHR522

Your Payments

Covered Prescription Drug Products purchased at a Pharmacy are subject to any applicable Deductible, Copayments or Coinsurance shown in The Schedule, as well as any limitations or exclusions set forth in this plan. Please refer to The Schedule for any required Copayments, Coinsurance, Deductibles or Out-of-Pocket Maximums.

Deductible

Your plan requires that you pay the costs for covered Prescription Drug Products up to the Deductible amount set forth in The Schedule. Until you meet that Deductible amount, your costs under the plan for a covered Prescription Drug Product dispensed by a Network Pharmacy will be the lowest of the following amounts:

- the Prescription Drug Charge; or
- the Network Pharmacy's submitted Usual and Customary (U&C) Charge, if any.

The Schedule sets forth your costs for covered Prescription Drug Products after you have satisfied the Deductible amount.

Copayment

Your plan requires that you pay a Copayment for covered Prescription Drug Products as set forth in The Schedule. After satisfying any applicable annual Deductible set forth in The Schedule, your costs under the plan for a covered Prescription Drug Product dispensed by a Network Pharmacy and that is subject to a Copayment requirement will be the lowest of the following amounts:

- the Copayment for the Prescription Drug Product set forth in The Schedule; or
- the Prescription Drug Charge; or
- the Network Pharmacy's submitted Usual and Customary (U&C) Charge, if any.

When a treatment regimen contains more than one type of Prescription Drug Products that are packaged together for you or your Dependent's convenience, any applicable Copayment or Coinsurance may apply to each Prescription Drug Product.

You will need to obtain prior approval from Cigna or its Review Organization for any Prescription Drug Product not listed on the Prescription Drug List that is not otherwise excluded. If Cigna or its Review Organization approves coverage for the Prescription Drug Product because it meets the applicable coverage exception criteria, the Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

Exclusions

Coverage exclusions listed under the "Exclusions, Expenses Not Covered and General Limitations" section also apply to benefits for Prescription Drug Products. In addition, the exclusions listed below apply to benefits for Prescription Drug Products. Reimbursement/Filing a Claim

Retail Pharmacy

When you or your Dependents purchase your Prescription Drug Products through a Network Pharmacy, you pay any applicable Copayment, Coinsurance, or Deductible shown in The Schedule at the time of purchase. You do not need to file a claim form for a Prescription Drug Product obtained at a Network Pharmacy unless you pay the full cost of a Prescription Drug Product at a Network Pharmacy and later seek reimbursement for the Prescription Drug Product under the plan. For example, if you must pay the full cost of a Prescription Drug Product to the retail Network Pharmacy because you did not have your ID card, then you must submit a claim to Cigna for any reimbursement or benefit you believe is due to you under this plan. If, under this example, your payment to the retail Network Pharmacy for the covered Prescription Drug Product exceeds any applicable copay, then you will be reimbursed the difference, if any, between the applicable copay and the Prescription Drug Charge for the Prescription Drug Product.

Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits or services for medical care or treatment:

- Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.
- Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.
- Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

Allowable Expense

The amount of charges considered for payment under the Plan for a Covered Service prior to any reductions due to coinsurance, copayment or deductible amounts. If Cigna contracts with an entity to arrange for the provision of Covered Services through that entity's contracted network of health care providers, the amount that Cigna has agreed to pay that entity is the allowable amount used to determine your coinsurance or deductible payments. If the Plan provides benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.
- If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
- If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Reasonable Cash Value

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers you as an enrollee or an Employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;
- If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or Employee;
- If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
 - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
 - then, the Plan of the parent with custody of the child;
 - then, the Plan of the spouse of the parent with custody of the child;
 - then, the Plan of the parent not having custody of the child; and
 - finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers you as an active Employee (or as that Employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired Employee (or as that Employee's Dependent) shall be the Secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active Employee or retiree (or as that Employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

Effect on the Benefits of This Plan

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans are not more than 100% of the total of all Allowable Expenses.

Recovery of Excess Benefits

If Cigna pays charges for benefits that should have been paid by the Primary Plan, or if Cigna pays charges in excess of those for which we are obligated to provide under the Policy, Cigna will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

Cigna will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare Plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

Right to Receive and Release Information

Cigna, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 55 days of the request, the claim will be closed. If the requested information is subsequently received, the claim will be processed.

Coordination of Benefits with Medicare

If you, your spouse, or your Dependent are covered under this Plan and qualify for Medicare, federal law determines which Plan is the primary payer and which is the secondary payer. The primary payer always determines covered benefits first, without considering what any other coverage will pay. The secondary payer determines its coverage only after the Primary Plan has completed its determination.

When Medicare is the Primary Payer

Medicare will be the primary payer and this Plan will be the secondary payer, even if you don't elect to enroll in Medicare or you receive services from a provider who does not accept Medicare payments, in the following situations:

- **COBRA or State Continuation**: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to COBRA or state continuation of coverage.
- **Retirement or Termination of Employment**: You, your spouse, or your covered Dependent qualify for Medicare for any reason and are covered under this Plan due to your retirement or termination of employment.
- **Disability**: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has fewer than 100 employees.
- **Age**: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has fewer than 20 employees.
- **End Stage Renal Disease (ESRD)**: You, your spouse, or your covered Dependent qualify for Medicare due to End Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan will be the primary payer for the first 30 months. Beginning with the 31st month, Medicare will be the primary payer.

When This Plan is the Primary Payer

This Plan will be the primary payer and Medicare will be the secondary payer in the following situations:

- **Disability**: You, your spouse, or your covered Dependent qualify for Medicare due to a disability, you are an active Employee, and your Employer has 100 or more employees.
- **Age**: You, your spouse, or your covered Dependent qualify for Medicare due to age, you are an active Employee, and your Employer has 20 or more employees.
- **End Stage Renal Disease (ESRD)**: You, your spouse, or your covered Dependent qualify for Medicare due to End Stage Renal Disease (ESRD) and you are an active or retired Employee. This Plan is the primary payer for the first 30 months. Beginning with the 31st month, Medicare will be the primary payer.

Domestic Partners

Under federal law, when Medicare coverage is due to age, Medicare is always the primary payer and this Plan is the secondary payer for a person covered under this Plan as a Domestic Partner. However, when Medicare coverage is due to disability, the Disability payer explanations above will apply.

IMPORTANT: If you, your spouse, or your Dependent do not elect to enroll in Medicare Parts A and/or B when first eligible, or you receive services from a provider who does not accept Medicare payments, this Plan will calculate payment based on what should have been paid by Medicare as the primary payer if the person had been enrolled or had received services from a provider who accepts Medicare payments. A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective.

Failure to Enroll in Medicare

If you, your spouse, or your Dependent do not enroll in Medicare Parts A and/or B during the person's initial Medicare enrollment period, or the person opts out of coverage, the person may be subject to Medicare late enrollment penalties, which can cause a delay in coverage and result in higher Medicare premiums when the person does enroll. It can also result in a reduction in coverage under Medicare Parts A and B. If you are planning to retire or terminate employment and you will be eligible for COBRA, state Continuation, or retiree coverage under this Plan, you should enroll in Medicare before you terminate employment to avoid penalties and to receive the maximum coverage under Medicare. Please consult Medicare or the Social Security Administration for more information.

Expenses For Which A Third Party May Be Responsible

This plan does not cover:

- Expenses incurred by you or your Dependent (hereinafter individually and collectively referred to as a "Participant,") for which another party may be responsible as a result of having caused or contributed to an Injury or Sickness.
- Expenses incurred by a Participant to the extent any payment is received for them either directly or indirectly from a third party tortfeasor or as a result of a settlement, judgment or arbitration award in connection with any automobile medical, automobile no-fault, uninsured or underinsured motorist, homeowners, workers' compensation, government insurance (other than Medicaid),

or similar type of insurance or coverage. The coverage under this plan is secondary to any automobile no-fault insurance or similar coverage.

Subrogation/Right of Reimbursement

If a Participant incurs a Covered Expense for which, in the opinion of the plan or its claim administrator, another party may be responsible or for which the Participant may receive payment as described above:

- Subrogation: The plan shall, to the extent permitted by law, be subrogated to all rights, claims or interests that a Participant may have against such party and shall automatically have a lien upon the proceeds of any recovery by a Participant from such party to the extent of any benefits paid under the plan. A Participant or his/her representative shall execute such documents as may be required to secure the plan's subrogation rights.
- Right of Reimbursement: The plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the plan.

Lien of the Plan

By accepting benefits under this plan, a Participant:

- grants a lien and assigns to the plan an amount equal to the benefits paid under the plan against any recovery made by or on behalf of the Participant which is binding on any attorney or other party who represents the Participant whether or not an agent of the Participant or of any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carrier or other party has been notified by the plan or its agents;
- agrees that this lien shall constitute a charge against the proceeds of any recovery and the plan shall be entitled to assert a security interest thereon;
- agrees to hold the proceeds of any recovery in trust for the benefit of the plan to the extent of any payment made by the plan.

Additional Terms

- No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any third party or other person or entity to any minor Dependent of said adult Participant without the prior express written consent of the plan. The plan's right to recover shall apply to decedents', minors', and incompetent or disabled persons' settlements or recoveries.
- No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude, the benefits provided by the plan.

- The plan's right of recovery shall be a prior lien against any proceeds recovered by the Participant. This right of recovery shall not be defeated nor reduced by the application of any so-called "Made-Whole Doctrine", "Rimes Doctrine", or any other such doctrine purporting to defeat the plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages.
- No Participant hereunder shall incur any expenses on behalf of the plan in pursuit of the plan's rights hereunder, specifically; no court costs, attorneys' fees or other representatives' fees may be deducted from the plan's recovery without the prior express written consent of the plan. This right shall not be defeated by any so-called "Fund Doctrine", "Common Fund Doctrine", or "Attorney's Fund Doctrine".
- The plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.
- The plan hereby disavows all equitable defenses in pursuit of its right of recovery. The plan's subrogation or recovery rights are neither affected nor diminished by equitable defenses.
- In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the plan shall be entitled to recover any costs incurred in enforcing the terms hereof including, but not limited to, attorney's fees, litigation, court costs, and other expenses. The plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.
- Any reference to state law in any other provision of this plan shall not be applicable to this provision, if the plan is governed by ERISA. By acceptance of benefits under the plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.
- Participants must assist the plan in pursuing any subrogation or recovery rights by providing requested information.

Payment of Benefits

Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, your right to benefits under this plan, nor may you assign any administrative, statutory, or legal rights or causes of action you may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.

You may, however, authorize Cigna to pay any healthcare benefits under this policy to a Participating or Non-Participating Provider. When you authorize the payment of your healthcare benefits to a Participating or Non-Participating Provider, you authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from you and Cigna, it is the provider's responsibility to reimburse the overpayment to you. Cigna may pay all healthcare benefits for Covered Expenses directly to a Participating Provider without your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a Participating or Non-Participating Provider as the authority to assign any other rights under this policy to any party, including, but not limited to, a provider of healthcare services/items.

Even if the payment of healthcare benefits to a Non-Participating Provider has been authorized by you, Cigna may, at its option, make payment of benefits to you. When benefits are paid to you or your Dependent, you or your Dependents are responsible for reimbursing the Non-Participating Provider.

If any person to whom benefits are payable is a minor or, in the opinion of Cigna is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, Cigna may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When one of our participants passes away, Cigna may receive notice that an executor of the estate has been established. The executor has the same rights as our insured and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Cigna from all liability to the extent of any payment made.

Recovery of Overpayment

When an overpayment has been made by Cigna, Cigna will have the right at any time to: recover that overpayment from

the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment. In addition, your acceptance of benefits under this plan and/or assignment of Medical Benefits separately creates an equitable lien by agreement pursuant to which Cigna may seek recovery of any overpayment. You agree that Cigna, in seeking recovery of any overpayment as a contractual right or as an equitable lien by agreement, may pursue the general assets of the person or entity to whom or on whose behalf the overpayment was made.

Calculation of Covered Expenses

Cigna, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child

and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child’s right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child’s name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child’s mailing address;
- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child’s custodial parent or legal guardian, shall be made to the child, the child’s custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option.

Coverage for Maternity Hospital Stay

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the “Newborns’ and Mothers’ Health Protection Act”: restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

Requirements of Family and Medical Leave Act of 1993 (as amended) (FMLA)

Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee’s military leave of absence. These requirements apply to medical and dental coverage for you

and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

Claim Determination Procedures under ERISA

The following complies with federal law. Provisions of applicable laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan.

Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The booklet describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the booklet, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the booklet, in your provider's network participation documents as applicable, and in the determination notices.

Note: An oral statement made to you by a representative of Cigna or its designee that indicates, for example, a particular service is a Covered Expense, is authorized for coverage by the plan, or that you are eligible for coverage is not a guarantee that you will receive benefits for services under this plan. Cigna will make a benefit determination after a claim is received from you or your authorized representative, and the benefit determination will be based on, your eligibility as of the date services were rendered to you and the terms and conditions of the plan in effect as of the date services were rendered to you.

Preservice Determinations

When you or your representative requests a required prior authorization, Cigna will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, Cigna will make the preservice determination on an expedited basis. Cigna will defer to the determination of the treating health care professional regarding whether an expedited determination is necessary. Cigna will notify you or your representative of an

expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative attempts to request a preservice determination, but fails to follow Cigna's procedures for requesting a required preservice determination, Cigna will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, Cigna will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Determinations

When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of

the following that pertain to the determination: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal, (if applicable); upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; a description of any available internal appeal and/or external review process(es); information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

HC-FED104

Appointment of Authorized Representative

You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However, Cigna may require you to designate your authorized representative in writing using a form approved by Cigna. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, Cigna may require you to re-appoint your authorized representative, from time to time.

Cigna reserves the right to refuse to honor the appointment of a representative if Cigna reasonably determines that:

- the signature on an authorized representative form may not be yours, or
- the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or Cigna does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by Cigna.

Medical - When You Have a Complaint or an Appeal

For the purposes of this section, any reference to "you" or "your" also refers to a representative or provider designated by you to act on your behalf; unless otherwise noted.

We want you to be completely satisfied with the services you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start With Customer Service

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, contractual benefits, or a rescission of coverage, you may call the toll-free number on your ID card, explanation of benefits, or claim form and explain your concern to one of our Customer Service representatives. You may also express that concern in writing.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days. If you are not satisfied with the results of a coverage decision, you may start the appeals procedure.

Internal Appeals Procedure

To initiate an appeal of an adverse benefit determination, you must submit a request for an appeal to Cigna within 180 days of receipt of a denial notice. If you appeal a reduction or termination in coverage for an ongoing course of treatment that Cigna previously approved, you will receive, as required by applicable law, continued coverage pending the outcome of an appeal.

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask Cigna to register your appeal by telephone. Call or write us at the toll-free number on your ID card, explanation of benefits, or claim form.

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

We will respond in writing with a decision within 30 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination or a postservice Medical Necessity determination. We will respond within 60 calendar days after we receive an appeal for any other postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

In the event any new or additional information (evidence) is considered, relied upon or generated by Cigna in connection with the appeal, this information will be provided automatically to you as soon as possible and sufficiently in advance of the decision, so that you will have an opportunity to respond. Also, if any new or additional rationale is considered by Cigna, Cigna will provide the rationale to you as soon as possible and sufficiently in advance of the decision so that you will have an opportunity to respond.

You may request that the appeal process be expedited if the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your health care provider would cause you severe pain which cannot be managed without the requested services.

If you request that your appeal be expedited, you may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited level-one appeal would be detrimental to your medical condition.

When an appeal is expedited, Cigna will respond orally with a decision within 72 hours, followed up in writing.

External Review Procedure

If you are not fully satisfied with the decision of Cigna's internal appeal review and the appeal involves medical judgment or a rescission of coverage, you may request that your appeal be referred to an Independent Review Organization (IRO). The IRO is composed of persons who are not employed by Cigna, or any of its affiliates. A decision to request an external review to an IRO will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate an external review. Cigna and your benefit plan will abide by the decision of the IRO.

To request a review, you must notify the Appeals Coordinator within 4 months of your receipt of Cigna's appeal review denial. Cigna will then forward the file to a randomly selected IRO. The IRO will render an opinion within 45 days.

When requested, and if a delay would be detrimental to your medical condition, as determined by Cigna's reviewer, or if your appeal concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but you have not yet been

discharged from a facility, the external review shall be completed within 72 hours.

Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined below; a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a), if applicable; upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and information about any office of health insurance consumer assistance or ombudsman available to assist you in the appeal process. A final notice of an adverse determination will include a discussion of the decision.

You also have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

Relevant Information

Relevant Information is any document, record or other information which: was relied upon in making the benefit determination; was submitted, considered or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

Any legal action filed in court concerning the Plan, or rights or benefits under the Plan, must be filed on or before the later of:

- One year from the date a final adverse benefit determination is made under the Plan or should have been made in accordance with the Plan's claims appeal/review procedures;
- One year from the date on which you shall be deemed to have exhausted the Plan's internal appeal/review procedures under applicable federal law; or
- One year from the date the service or treatment was provided or the date the claim arose, whichever is earlier.

The failure to file a legal action in court before expiration of these deadlines will bar any lawsuit.

The Maximum Reimbursable Charge for covered services for Local Plus In-Network is determined based on the lesser of:

- a percentage of a fee schedule Cigna has developed that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable reimbursement for the same or similar service within the geographic market.

The percentage used to determine the Maximum Reimbursable Charge can be obtained by contacting Member Services/Customer Service.

In some cases, a Medicare based schedule will not be used and the Maximum Reimbursable Charge for covered services is determined based on the lesser of:

- the provider's normal charge for a similar service or supply;
- the amount agreed to by the Out-of-Network provider and Cigna; or
- the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Cigna. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used.
