

Exciting new benefits start January 1, 2024.

Innovation and expanded benefits that can help you and your family.

Making fertility more accessible.

We're proud to support people in their family-planning journey.

Customers with a qualifying infertility diagnosis are eligible for:*

- Additional testing to determine the cause
- Surgical treatment to restore fertility
- Additional treatments including artificial insemination, in vitro fertilization, gamete intrafallopian transfer (GIFT) and zygote intrafallopian transfer (ZIFT)

Hearing aid coverage for all.

You heard it here first, we're expanding hearing aid coverage. Now customers of all ages are eligible to receive two devices every 36 months. This benefit includes fittings and device check-ups with an audiologist.
